

EFS Technology ~ Award Winners !

Winners of Complementary Solution Partner of the Year 2011

EFS Technology is pleased to announce that they have been awarded the Complementary Solution Partner of the year award 2011 at the first TEMENOS awards ceremony

Held in Lisbon the TCF brings together representatives from banks all over the world to hear what TEMENOS have to say about the future of T24 and also to introduce service and complementary partners to their customers. During this years TCF TEMENOS decided to have their first ever awards ceremony. Awards were made to banks for improvements in customer service and to service partners for implementations and innovations. EFS are very proud to receive this prestigious award.

Strategic alliances manager for TEMENOS - Thomas Kurishingal commented "Temenos values its relationships with complementary solution partners, which are paramount in delivering a full solution to our clients. This award recognises EFS for its provision of a best of breed solution and exceptional customer service."
